Needs a lot of work

Miscellaneous

Orchard needs weeding on regular basis

Gravel to make a drive way/parking for adobe/block guest house

Replace sidewalks and steps with decking

General landscaping for entrances, around houses, apts. Needs to be high desert friendly

New Water Well in area to be developed plus would give water to the RV campground

Develop tent camping area

Repair/replace property fencing

Replace roof (propanel) at garage area

Paint garage/shop (exterior)

New Roof for Shop (it leaks)

Replace aging appliances in all staff housing

Replace mattresses in all the lodging buildings

Clear area for a baseball/soccer playing field

Build a new park where playground is with gazebo for families to gather from the community.

Some major needs that we have are:

- ****1200 – 1500 square foot storage building (2 phases)****
- **A well for the upper end of the property** (This one is in the works) - **A large generator for the entire mission (3 Phase) - Or individual generators for staff housing/school/office - Wind or solar power to cut our utility bills (We pay around \$30,000 annually in utility bills)**
- **Gravel or hard surface for mission roads and parking areas**

Special Community Needs

Now and then, someone in the community asks if the mission could help in certain areas, usually in home or auto repair. This is a good opportunity to build relationships with the People of our community and, at the same time, meet a need.

- We have no community requests at this time
